Pursuant to Section 1.13.1 of the Zoning Ordinance, at the time of filing an Application for a Zoning Map Amendment, public water lines shall be available to the site of the re-zoning sufficient to meet the fire protection standards of the City of Bowling Green or Warren County.

**Bowling Green: 600 GPM at 20 PSI  
Warren County: 250 GPM at 20 PSI for single family residential**

Section 1.13.1.D provides for a waiver of this threshold if the proposed map amendment meets the following criteria:

---

**1. The application is for a single-family residential or agricultural zoning district:**

Name of Property Owner(s): \_\_\_\_\_  
Location of Property: \_\_\_\_\_  
Zoning District: Current: \_\_\_\_\_ Proposed: \_\_\_\_\_  
Size of Property: \_\_\_\_\_ Additional Lots Proposed: \_\_\_\_\_

I certify that the above information is true and accurate. I understand that the above referenced property does not have public water supply available which will meet the minimum fire flow or pressure. **Nevertheless, I request that the minimum fire flow and/ or pressure requirement be waived for my property.**
