

ARTICLE 5 USE REGULATIONS

SEC. 5.1 USE TABLE

The table on the following pages lists the uses allowed within zoning districts.

5.1.1 Use Categories

All of the use categories listed in the following table are explained in Sec. 5.2, Use Categories. The second column of the use table contains an abbreviated explanation of the respective use category. If there is a conflict between the abbreviated definition and the full explanation contained in Sec. 5.2, the provisions of Sec. 5.2 shall control.

5.1.2 **P** Uses Permitted By-Right

A “P” indicates that a use category is allowed by-right in the respective zoning district. These permitted uses are subject to all other applicable regulations of this Zoning Ordinance.

5.1.3 **C** Conditional Uses

A “C” indicates that a use category is allowed only if reviewed and approved as a conditional use, in accordance with the conditional use permit procedures of Sec. 3.8, Conditional Use Permit. Conditional uses are subject to all other applicable regulations of this Zoning Ordinance.

5.1.4 **P*** or **C*** Uses Subject to Specific Conditions

A “P” or a “C” that is accompanied by the symbol “*” indicates that the listed use type is subject to use-specific conditions. The standards are listed in each category in Sec. 5.2.

5.1.5 **■** Uses Not Allowed

A blank or empty cell indicates that a use type is not allowed in the respective zoning district, unless it is otherwise expressly allowed by other regulations of this Zoning Ordinance. Any use not allowed is deemed prohibited.

5.1.6 New or Unlisted Uses

If an application is submitted for a use type that is not listed in the use table, the Zoning Administrator shall be authorized to make a similar use interpretation based on the use category descriptions of Sec. 5.2, Use Categories, and the similar use interpretation criteria of Sec. 5.2B.

If the Zoning Administrator determines that the proposed use does not fit any of the use category descriptions of Sec. 5.2, no similar use interpretation shall be made. The Zoning Administrator shall make a determination as to the use category for the application which has been made.

SEC. 5.2 USE CATEGORIES

5.2.1 Basis for Classifications

Use categories classify land uses and activities into use categories based on common functional, product or physical characteristics. Characteristics include the type and amount of activity, the type of customers or residents, how goods or services are sold or delivered and site conditions. The use categories provide a systematic basis for assigning present and future land uses into appropriate zoning districts.

A. Principal Uses. Principal uses are assigned to the category that most closely describes the nature of the principal use. The "Characteristics" subsection of each use category describes the common characteristics of each principal use.

1. **Developments with Multiple Principal Uses.** When all principal uses of a development fall within one use category, the entire development is assigned to that use category. A development that contains a coffee shop, bookstore and bakery, for example, would be classified in the Retail Sales and Service category because all of the development's principal uses are in that category. When the principal uses of a development fall within different use categories, each principal use is classified in the applicable category and each use is subject to all applicable regulations for that category.

2. **Accessory Uses.** Accessory uses are allowed by-right in conjunction with a principal use unless otherwise stated in the regulations. Also, unless otherwise stated, accessory uses are subject to the same regulations as the principal use. Common accessory uses are listed as examples in the use category descriptions.

3. **Use of Examples.** The "Examples" subsection of each use category lists common examples of uses included in the respective use category. The names of these sample uses are generic. They are based on common meanings and not on what a specific use may call itself. For example, a use that calls itself "Wholesale Warehouse" but that sells mostly to consumers, is included in the Retail Sales and Service category rather than the Wholesale Sales category. This is because the actual activity on the site matches the description of the Retail Sales and Service category.

B. Similar Use Interpretation Criteria. The following considerations may be used in making similar use interpretations.

1. The actual or projected characteristics of the activity in relationship to the stated characteristics of each use category;
2. The relative amount of site area or floor space and equipment devoted to the activity;

Article 5

Use Regulations

3. Relative amounts of sales from each activity;
4. The customer type for each activity (retail or wholesale);
5. The relative number of employees in each activity;
6. Hours of operation;
7. Building and site arrangement;
8. Vehicles used with the activity;
9. The relative number of vehicle trips generated by the use;
10. How the use advertises itself;
11. Parking needs;
12. Noise level, odor, dust, vibrations, or smoke generated; and
13. Utility use.

5.2.2 Residential Use Categories

A. Household Living

1. **Characteristics.** Household Living is characterized by the residential occupancy of a dwelling unit by a household. Tenancy is arranged on a month-to-month or longer basis. Uses where tenancy may be arranged for a shorter period are not considered residential; they are considered to be a form of transient lodging (see the Overnight Accommodations and Community Service categories).
2. **Accessory Uses.** Accessory uses commonly associated with Household Living are recreational activities, raising of pets, hobbies, parking of the occupants' vehicles, and certain home occupations.
3. **Examples.** Uses include living in houses, duplexes, triplexes, fourplexes and other multi-dwelling structures, retirement center apartments, assisted living facilities, residential care facilities, manufactured housing and other structures with self-contained dwelling units.
4. **Exceptions.**
 - a. Lodging where tenancy may be arranged for periods of less than 30 days is to be considered a hotel or motel use and classified in the Overnight Accommodations category.

Article 5

Use Regulations

- b. Home occupations permitted only after first obtaining a conditional use permit include:
 - (1) academic tutoring
 - (2) music lessons
 - (3) catering
 - (4) child care (3 to 6 children)
 - (5) sewing/alterations
 - (6) personal services such as: hair salon, nail salon, cosmetologist and associated massage therapy.
 - (7) lawn care service, limited contractor-related services (only in the Agricultural District of at least five (5) acres in size)
 - (8) limited hobby-making such as: art studio, photography studio, woodworking and craft-making.

- c. Home occupations meeting the following standards are permitted as accessory uses by right in residential districts:
 - (1) No signage
 - (2) No additional parking
 - (3) No more than 25 percent or 500 sq. ft., whichever is smaller, of the unit may be devoted to the office use.
 - (4) Must be clearly incidental to the principal use of the residence.
 - (5) Operated by and employs only residents of the property.
 - (6) No on-premise merchandise sales.
 - (7) No customer/clientele/public visits to the home office.
 - (8) Must maintain residential character.

5. Specific Use Standards.

- a. Accessory Apartments. An apartment may be attached or detached from the principal residence. They are allowed in the Agriculture, Residential Estate, Neighborhood Business, Central Business, General Business, Highway Business and Public districts. Floor area of the accessory apartment cannot exceed 25 percent of the floor area of the principal structure. In the Neighborhood Business and Central Business district, the floor area may exceed 25 percent of the principal structure floor area if the apartment(s) is a second or higher story of the principal structure. Accessory apartments are allowed on lots of record that do not meet the minimum lot area or width standards for the zoning district, but all yard dimensions and other

Article 5

Use Regulations

development standards must conform to the district regulations.

- b. Home Occupations. Home occupations listed in 5.2.2.A.4.b. that require a conditional use permit shall meet the following standards:
- (1) No person other than members of the family residing on the premises shall be engaged in such home occupation.
 - (2) The use of the dwelling unit for the home occupation shall be clearly incidental and subordinate to its use for residential purposes by its occupants.
 - (3) No more than one home occupation permit shall be granted per dwelling unit.
 - (4) No more than 25 percent or 500 s.f., whichever is smaller, of the dwelling unit may be devoted to the home occupation use.
 - (5) There shall be no change in the outside appearance of the dwelling or premises, or other visible evidence of the conduct of such home occupation. Signage shall be limited to 6 sq. ft., monument or wall sign only.
 - (6) There shall be no sales on the premises in connection with such home occupation.
 - (7) No traffic shall be generated by such home occupation in greater volumes than would be expected in residential neighborhood.
 - (8) No equipment or process shall be used in such home occupation which creates noise, vibration, glare, fumes, odors or electrical interferences, outside the dwelling unit. In the case of electrical interferences, no equipment or process shall be used which creates visual or audible interference in any television or radio receivers off the premises, or cause fluctuations in line voltage off the premises.
 - (9) Additional parking may be required as a condition of the permit granted by the Board of Adjustment.

Article 5

Use Regulations

- c. For the keeping of any large pets in the AG, RR or R-E zoning classification, such as horses, a minimum of two acres is required and shall be limited to one large animal per two (2) acres.
- d. Non-commercial smokehouses may be permitted as accessory uses with the approval of a conditional use permit.

B. Group Living.

1. **Characteristics.** Group Living is characterized by the residential occupancy of a structure by a group of people who do not meet the definition of Household Living. The size of the group may be larger than the average size of a household. Tenancy is arranged on a monthly or longer basis. Generally, Group Living structures have a common eating area for residents. The residents may receive care, training or treatment, as long as the care givers also reside at the site.
2. **Accessory Uses.** Accessory uses commonly associated with Group Living are recreational facilities and parking of vehicles for occupants and staff.
3. **Examples.** Examples of Group Living include dormitories; fraternities and sororities; monasteries and convents; nursing and convalescent homes; group homes for the physically or mentally disabled; some residential programs for drug and alcohol treatment; and alternative or post-incarceration facilities; and rooming/boarding houses.
4. **Exceptions.**
 - a. Lodging where tenancy may be arranged for periods of less than 30 days is to be considered a hotel or motel use and classified in the Overnight Accommodations category.
 - b. Facilities for people who are under judicial detainment and under the supervision of sworn officers are included in the Detention Facilities category.
5. **Specific Use Standards.**
 - a. One parking space (in addition to the parking requirements in each residential district) must be provided for every two rooms available for boarding.
 - b. Fraternities/Sororities are allowed only in the University District and must comply with all requirements of that District.

5.2.3 Institutional and Civic Use Categories

A. Colleges and Institutions of Higher Learning.

1. **Characteristics.** This category includes colleges and other institutions of higher learning that offer courses of general or specialized study leading to a degree. Colleges tend to be in campus-like settings or on multiple blocks.
2. **Accessory Uses.** Accessory uses include offices, housing for students, food service, laboratories, health and sports facilities, theaters, meeting areas, parking, maintenance facilities and supporting commercial operations.
3. **Examples.** Examples include universities, liberal arts colleges, community colleges, public vocational-technical schools, nursing and medical schools not accessory to health care facilities and seminaries.
4. **Exceptions.** Personal service oriented instruction (martial arts, dance, music) are classified as Retail Sales and Service.

B. Community Services.

1. **Characteristics.** Community Services are uses of a public, nonprofit or charitable nature generally providing a local service to people of the community. Generally, they provide the service on-site or have employees at the site on a regular basis. The service is ongoing, not just for special events. Community centers or facilities that have membership provisions are open to the general public to join at any time, (for instance, any senior citizen could join a senior center). The use may provide special counseling, education or training of a public, nonprofit or charitable nature.
2. **Accessory Uses.** Accessory uses may include offices; meeting areas; food preparation areas; parking, health and therapy areas; and athletic facilities.
3. **Examples.** Examples include libraries, museums, senior centers, community centers, publicly-owned swimming pools, youth club facilities, hospices, social service facilities, temporary shelters, vocational training for persons with physical or mental disabilities, cemeteries, crematoriums, columbariums and mausoleums.
4. **Exceptions.**
 - a. Private lodges, clubs and private or commercial athletic or health clubs are classified as Retail Sales and Service.

Article 5

Use Regulations

- b. Commercial museums are classified as Retail Sales and Service.
- c. Parks are classified as Parks and Open Areas.

C. Day Care.

1. **Characteristics.** Day Care uses provide care, protection and supervision for children or adults on a regular basis away from their primary residence for less than 24 hours per day. Eligible facilities shall have proper license from the Kentucky Cabinet for Families and Children.
2. **Accessory Uses.** Accessory uses include offices, recreation areas and parking.
3. **Examples.** Examples include preschools, child care centers, nursery schools, latch key programs and adult day care programs.
4. **Exceptions.** Day Care does not include public or private schools or facilities operated in connection with shopping center or other principal use, where children are cared for while parents or guardians are occupied on the premises or in the immediate vicinity.
5. **Specific Use Standards.** Child care centers, nurseries, day care centers, kindergartens or any facility or operation providing adult or child care, guidance or supervision for which a license is required from the Kentucky Cabinet for Families and Children, with the exception of religious organizations providing child care, guidance or supervision while religious services are being conducted or to kindergarten programs operated as a part of a public educational system require compliance with the following requirements.
 - a. The lot shall contain an open space area of not less than 100 square feet per child.
 - b. A solid wall or adequate security fence not less than 6 feet high is maintained along all interior lot lines which separate play areas from adjacent properties and parking areas. Outdoor play areas shall be contiguous with the building so children can safely walk from the building to the play area. Outdoor play area which lies within or adjoins a residential district shall be buffered by landscaping or a solid privacy fence. The Board of Adjustments may set hours or otherwise limit outdoor play times for any facility located within a residential district or adjacent to a residential structure.

Article 5

Use Regulations

- c. A letter from the fire marshal and the Kentucky Cabinet for Families and Children, or their successor agency certifying to the Board of Adjustments that this use complies with the requirements of that agency. This documentation must be supplied to the Board of Adjustments prior to issuance of a Certificate of Occupancy. The Building Inspector shall not issue a Certificate of Occupancy until they have received written authorization from the Board of Adjustments.
- d. Adequate and safe on-site parking, loading and unloading areas and driveways providing for safe ingress and egress with backing into the street specifically prohibited.
- e. Where such use is permitted in a structure which has been used as a residence, the applicant shall make no substantial alterations or improvements to the structure which would impair the structure's use as a residence at a later time. If the proposed use will be located within any agriculture or residential district, then the structure shall remain or shall be constructed so that the exterior design and ornamentation is residential in character and compatible with the immediate neighborhood, so that there is no evidence from the street that the use is other than residential (except for the sign).
- f. The development plan shall have the approval of the appropriate agency responsible for surface drainage control.
- g. All buildings and structures shall conform to the requirements of the zoning district in which they are located.

D. Detention Facilities.

- 1. **Characteristics.** Facilities for the judicially required detention or incarceration of people. Inmates and detainees are under 24-hour supervision by sworn officers, except when on an approved leave.
- 2. **Accessory Uses.** Accessory uses include offices, recreational and health facilities, therapy facilities, maintenance facilities and hobby and manufacturing activities.
- 3. **Examples.** Examples include prisons, jails, probation centers and juvenile detention homes.

Article 5

Use Regulations

4. Exceptions.

- a. Programs that provide care and training or treatment for psychiatric, alcohol or drug problems, where patients are residents of the program, but where patients are not supervised by sworn officers are classified as Group Living.
- b. Programs that provide transitional living experience for former offenders, such as halfway houses, where residents are not supervised by sworn officers, are also classified as Group Living.
- c. Home incarceration is considered Household Living.

E. Health Care Facilities.

- 1. **Characteristics.** Health Care Facilities include uses providing medical or surgical care to patients and offering overnight care.
- 2. **Accessory Uses.** Accessory uses include out-patient clinics, offices, laboratories, teaching facilities, meeting areas, cafeterias, parking, maintenance facilities and housing facilities for staff or trainees.
- 3. **Examples.** Examples include medical centers and hospitals.
- 4. **Exceptions.**
 - a. Uses that provide exclusive care and planned treatment or training for psychiatric, alcohol or drug problems, where patients are residents of the program, are classified in the Group Living category.
 - b. Medical clinics or offices that provide care where patients are generally not kept overnight are classified as Offices.
 - c. Urgent care treatment centers are classified as Retail Sales and Service.

F. Parks and Open Areas.

- 1. **Characteristics.** Parks and Open Areas are uses of land focusing on natural areas, large areas consisting mostly of vegetative landscaping or outdoor recreation, community gardens or public squares. Lands tend to have few structures.
- 2. **Accessory Uses.** Accessory uses may include play equipment, restrooms, trails and gardens.

Article 5

Use Regulations

3. **Examples.** Examples include parks, public squares, recreational trails, botanical gardens, and nature preserves.
4. **Exceptions.**
 - a. Golf courses are considered Recreation and Entertainment.
 - b. Cemeteries are considered Community Services.
 - c. Lighted outdoor and other active recreation use classified as Recreation/Entertainment.
5. **Specific Use Standards.** No outdoor lighting shall be permitted except for minimal lighting required for security purposes.

G. Religious Institutions.

1. **Characteristics.** Religious Institutions primarily provide meeting areas for religious activities.
2. **Accessory Uses.** Accessory uses include Sunday School facilities, parking, cemetery, caretaker's housing, and residential living facilities such as a convent, abbey, or parsonage.
3. **Examples.** Examples include churches, temples, synagogues and mosques.
4. **Exceptions.**
 - a. Preschools are classified as Day Care uses.
 - b. Schools are classified as Schools.
 - c. Lighted outdoor athletic fields are classified as Recreation/Entertainment.
5. **Specific Use Standards**
 - a. In all residential districts, signs for Religious Institutions shall be limited to one sign per street frontage. Each sign shall not exceed seven (7) feet in height and seventy-five (75) square feet in sign area. Signs may be internally illuminated.

H. Safety Services.

1. **Characteristics.** Safety Services are uses that provide public safety and emergency response services. They often need to be located in or near the area where the service is provided. Employees are regularly present on-site.

Article 5

Use Regulations

2. **Accessory Uses.** Accessory uses include offices and parking.
3. **Examples.** Examples include fire stations, police stations and emergency medical and ambulance stations.
4. **Exceptions.**
 - a. Private security guards are classified as personal service oriented Retail Sales and Service.
 - b. Vehicle towing is classified as Vehicle Repair.

I. Schools.

1. **Characteristics.** This category includes public and private schools at the primary, elementary, middle, junior high or high school level that provide state-mandated basic education.
2. **Accessory Uses.** Accessory uses include play areas, cafeterias, recreational and sport facilities, auditoriums, before- or after-school day care, and greenhouses.
3. **Examples.** Examples include public and private daytime schools, boarding schools and military academies.
4. **Exceptions.**
 - a. Preschools are classified as Day Care uses.
 - b. Business and trade schools are classified as Retail Sales and Service.
 - c. Personal service oriented instruction is classified as Retail Sales and Service.

J. Utilities, Basic.

1. **Characteristics.** Basic Utilities are infrastructure services that need to be located in or near the area where the service is provided. Basic Utility uses generally do not regularly have employees at the site. Services may be public or privately provided.
2. **Accessory Uses.** Accessory uses may include parking and control, monitoring, data or transmission equipment.
3. **Examples.** Examples include water and sewage pump stations, electrical substations, water towers and reservoirs, storm water retention/detention facilities, radio transmission facilities, and telephone exchanges.

Article 5

Use Regulations

4. **Exceptions.**

- a. Services where people are generally present are classified as Community Services, Offices or Safety Services.
- b. Utility offices where employees or customers are generally present are classified as Offices.
- c. Bus barns are classified as Warehouse and Freight Movement.
- d. Telecommunications structures are classified as telecommunication facilities.
- e. Utility storage facilities are classified as Warehouse and Freight Movement.

5. **Specific Use Standards**

- a. **Transmission Towers and Accessory Facilities.**
The intent of this section is to avoid potential damage to adjacent properties from transmission tower collapse and falling ice through engineering and careful locating of transmission tower structures, and to maximize use of any new transmission tower and to encourage the co-location and clustering of new transmission towers in order to reduce the number of towers and tower sites needed.

The provisions of this section shall apply to the construction, erection, alteration, use, and location of transmission towers and accessory facilities in all zoning districts. Transmission towers and accessory facilities in legal existence on the effective date of this Zoning Ordinance that are not in conformity with this section may remain in place. Unless otherwise permitted by this Zoning Ordinance, no new transmission tower or accessory facility may be erected or constructed unless all provisions of this Section and the requirements of the Kentucky Public Service Commission are met.

- (1) **Exceptions.** An antenna and supporting structure for the following uses are permitted in any district if accessory to a permitted use and if they comply with applicable regulations of the district in which situated and are otherwise permitted by law.

- (a) Amateur radios.
- (b) Citizen band radios.

Article 5

Use Regulations

- (c) A telecommunication device that only receives radio frequency signals.
 - (d) Portable, hand held, and vehicular transmissions.
 - (e) Industrial, scientific, and medical equipment operating at frequencies designated for that purpose by the FCC.
 - (f) Transmission towers used for remote control of municipal or public facilities.
 - (g) Low power (100 watts or less) Transmission towers.
- (2) **Minimum Location Standards.** The following minimum standards shall be met in the approval of a conditional use or building permit.
- (a) All self supporting transmission towers will be set back from the property line on which it is located 60 percent of the overall height of the transmission tower.
 - (b) All guyed transmission towers will be set back from the property line on which it is located 60 percent of the overall height of the transmission tower.
 - (c) Transmission tower accessory facilities shall comply with the setback standard in the adjacent zoning district.
 - (d) At least two off-street parking spaces and one additional space for each on-site personnel will be provided.
 - (e) Existing on-site vegetation shall be preserved to the maximum extent practicable.
 - (f) Transmission towers shall not be artificially lighted unless required by the Federal Aviation Administration or appropriate State authority.

Article 5

Use Regulations

- (g) Transmission tower accessory facilities in an Agriculture District zone and other such districts where transmission towers are a conditional use, permitted accessory buildings and structures may not include offices, long-term vehicle storage, other outdoor storage or broadcast studios, except for emergency purposes, or other uses that are not needed to send or receive transmissions, and in no event may exceed 25 percent of the floor area used for wireless transmission equipment.
 - (h) The proposed use shall be consistent with applicable Federal and State regulations and shall have secured and submitted copies of compliance with these regulations.
 - (i) An application for approval of a new transmission tower shall include the following:
 - A site plan or plans drawn to scale and identifying the site boundary; towers; guy wire anchors; existing and proposed structures; vehicular parking and access; existing vegetation to be retained, removed or replaced; and
 - Uses, structures, and land use designations on the site and abutting parcels.
- (3) **Color of Towers.** Unless otherwise required by state or federal regulations, all transmission towers shall be white or light gray in color.
- (4) **Multiple Transmission Towers.** It is the intent of these regulations to encourage the co-location and clustering of multiple transmission towers and their antennas and accessory facilities and to discourage the use of individual transmission towers and accessory facility sites. Therefore, more than one transmission tower will be permitted under these regulations on a single tract of land not withstanding any other provision of

Article 5

Use Regulations

this Zoning Ordinance, provided they meet all of the required location standards.

5.2.4 Commercial Use Categories

A. Eating Establishments.

1. **Characteristics.** Establishments that sell food for on- or off-premises consumption.
2. **Accessory Uses.** Accessory uses may include decks and patios for outdoor seating, drive-thru facilities, customer and employee parking areas, and valet parking facilities.
3. **Examples.** Examples include restaurants, drive-ins, fast food establishments, yogurt or ice-cream shops, pizza delivery, bar and lounges.
4. **Exceptions.** Nightclubs, dance halls, and dinner theaters are classified as Recreation and Entertainment.
5. **Specific Use Standards**
 - a. **Bars and Restaurants with Outdoor Activity Areas.** Any bar or restaurant providing outdoor activities such as outdoor dining areas, sports areas such as volleyball courts or similar activities shall be required to screen such areas from view from any adjacent residential use. Any such outdoor activity area shall be separated by a minimum of 250 feet from any residential district.
 - b. **Drive-Through and Drive-In Eating Establishments**
 - (1) Must be located at least 250 feet from any residential district. This standard may be reduced to 100 feet if no outdoor speaker system is used.
 - (2) Must meet the vehicle stacking space requirements and parking standards in Sec. 4.6.8.D.7, Off-Street Parking and Loading.
 - (3) **Drive-Through Menu Boards.** The text of the sign shall not be legible from the public right-of-way or adjacent residential district. Only one menu board per drive through lane is permitted. Each menu board shall not exceed 36 square feet in sign area. No more than one preview board per drive-through lane shall be permitted. No preview board shall exceed 6 square feet.

Article 5

Use Regulations

- (4) Drive-In Menu Boards-No single menu board shall exceed 6 square feet in area. Double-sided menu boards may be placed on both sides of a parking space.

B. Office.

- 1. **Characteristics.** Office uses are characterized by activities conducted in an office setting and generally focusing on business, government, professional, medical or financial services.
- 2. **Accessory Uses.** Accessory uses may include cafeterias, day care, health facilities, parking or other amenities primarily for the use of employees in the firm or building.
- 3. **Examples.** Examples include professional services such as lawyers, accountants, engineers or architects; financial businesses such as lenders, brokerage houses, bank headquarters or real estate agents; data processing and telemarketing; sales offices; government offices and public utility offices; TV and radio studios; medical and dental clinics, medical and dental labs; and blood-collection facilities.
- 4. **Exceptions.**
 - a. Offices that are part of and located with a principal use in another category are considered accessory to the firm's primary activity. Headquarters offices, when in conjunction with or adjacent to a principal use in another category, are considered part of the other category.
 - b. Contractors and others who perform services off-site are included in the Office category if equipment and materials are not stored on the site and fabrication, services or similar work is not carried on at the site.

C. Overnight Accommodations

- 1. **Characteristics.** Dwelling units arranged for short-term stays of less than 30 days for rent or lease. Also includes other arrangements for stays of less than 30 days such as recreational vehicle parks.
- 2. **Accessory Uses.** Accessory uses may include pools and other recreational facilities, gift shops, limited storage, laundry facilities, offices, meeting facilities comprising less than 25 percent of the total gross floor area, offices and business centers, restaurant, bar and lounge.

Article 5

Use Regulations

3. **Examples.** Examples include bed and breakfast establishments, hotels, motels, inns, extended stay facilities, and recreational vehicle parks.
4. **Specific Use Standards.**
 - a. **Bed and Breakfast Establishments**
 - (1) A bed and breakfast establishment shall be occupied by the owner of such facility.
 - (2) The use shall only provide short-term transient lodging, including serving breakfast only to overnight lodgers.
 - (3) The use shall be clearly incidental and secondary to the use for dwelling purposes.
 - (4) The use shall not require external alteration of the dwelling except as may be required to meet fire and building codes.
 - (5) Each room to be rented shall be designed and intended to accommodate no more than two persons.
 - (6) Each room shall be rented for no longer than seven days. Any facility which rents rooms for more than seven days shall be regulated as a boarding house.
 - (7) The use shall not adversely affect the uses permitted in the area and in the immediate neighborhood by excessive traffic generation, noise and light.
 - (8) The use shall not be conducted within any accessory building.
 - (9) All off-street parking areas shall be completely screened with landscaping.
 - (10) The use shall be in compliance with all other applicable state and local laws, including the Barren River District Health Department Rules and Regulations.
 - (11) Bed and Breakfast facilities permitted in the Agriculture district shall be limited to not more than five (5) rooms for rent per property.
 - (12) Bed and Breakfast facilities in any Residential district shall be limited to not more than three

Article 5

Use Regulations

(3) rooms for rent per property and shall require a conditional use permit. The Board of Adjustment, in considering approval of required conditional use permit, shall make a finding that the number of rooms granted shall not have adverse effect on surrounding properties. In addition, in considering such a conditional use, the Board of Adjustment shall take into consideration the number of bed and breakfast facilities, if any, within the general neighborhood of the property being considered for such use.

(13) Bed and Breakfast facilities **do not** provide for amusement or assembly uses such as meetings, seminars, teas, garden parties, weddings and/or receptions, or concerts. These uses are first permitted in the General Business District (GB).

b. **Recreational Vehicle (RV) Park.** An RV Park may be established and maintained in accordance with the Use Table in Section 5.1, state regulations (KRS 219) and the following regulations:

(1) Minimum Park Area. Ten acres.

(2) Location and access. No RV Park shall be located except with direct access to an arterial highway as designated by the City-County Planning Commission and with a minimum of 50 feet of frontage thereon in order to permit appropriate design of entrances and exits. No entrance or exit from an RV Park shall be permitted through a residential district, nor require movement of traffic from the park through a residential district.

(3) Occupancy Permitted. Spaces in an RV Park may be used by recreational vehicles, travel trailers, equivalent facilities constructed in or on automotive vehicles or other short-term housing or shelter arrangements or devices. No mobile homes or permanent dwellings shall be permitted except for a single unit for the purpose of security/maintenance of the park.

(4) Length of Stay. Spaces shall be rented by the day only, and the occupant of such space shall not remain in the same RV Park more than 30 days.

Article 5

Use Regulations

- (5) Accessory Uses. Management headquarters, recreational facilities, coin-operated laundry facilities and other uses and structures customarily incidental to operation of an RV Park are permitted as accessory uses. In addition, stores, restaurants, beauty parlors, barber shops and other convenience establishments shall be permitted as accessory uses in an RV Park in zoning districts where such uses are not permitted as accessory uses, subject to the following restrictions:
- (a) Such establishments and the parking areas primarily related to their operations shall not occupy more than five percent of the area of the park.
 - (b) Such establishments shall be restricted in their use to occupants of the park.
 - (c) Such establishments shall present no visible evidence of their commercial character which would attract customers other than occupants of the park.
 - (d) Toilets, showers, and other essential plumbing fixtures shall conform to appropriate Commonwealth of Kentucky Plumbing Code and Health Rules and Regulations for Recreational Areas.
- (6) Site Planning Objectives. Site planning and improvements shall provide for:
- (a) Facilities and amenities appropriate to the needs of the occupants.
 - (b) Safe, comfortable, convenient, and sanitary uses by occupants under all weather conditions to be expected during periods of occupancy.
 - (c) Every application for the construction, operation, maintenance, and occupancy of an RV Park shall include a plot plan for review by the Planning Commission. This plot plan shall provide the same information as

Article 5

Use Regulations

required for a development plan in Sec. 3.11, Development Plans.

- (7) Relation of Spaces to Exterior Streets. In addition to yard requirements applying generally within districts, the following limitations shall apply with respect to an RV Park. No space shall be so located that any part intended for occupancy for sleeping purposes shall be within 50 feet of the right-of-way line of any street or thoroughfare or within 25 feet of any adjoining public or private property.
- (8) Design of Access to Park. Entrances and exits to RV Parks shall be designed for safe and convenient movement of traffic into and out of the park and to minimize marginal friction with free movement of traffic on adjacent streets. All traffic into and out of the park shall be through such entrances and exits. No entrance or exit shall require a turn at an acute angle for vehicles moving in the direction intended, and radii of curbs and pavements at intersections shall be such as to facilitate easy turning movements for vehicles with trailers attached.
- (9) Off-street Parking, Loading, and Maneuvering Space. In connection with use of any RV Park, no parking, loading or maneuvering incidental to parking or loading shall be permitted on any public street or right-of-way or any public grounds or on any private grounds not part of the park. Each RV Park shall provide off-street parking, loading and maneuvering space located and scaled so that the prohibitions above may be observed, and park owners shall be held responsible for violations of these requirements.
- (10) Sign Control. Signs shall be erected and maintained in conformance with Sec. 4.6.8.F, Signs. Except in districts where signs are allowed, there shall be no more than one non-illuminated sign, not to exceed 30 sq. ft. in area, located at the major entrances.
- (11) Lighting. All site lighting shall be directed downward and inward to the site.
- (12) External Yard Requirements. A 50-foot setback with protective screening or fencing

Article 5

Use Regulations

shall be required on property boundaries adjacent to a public right-of-way and private property boundaries.

D. Parking, Commercial

1. **Characteristics.** Commercial Parking facilities provide parking that is not accessory to a specific use. A fee may or may not be charged. A facility that provides both accessory parking for a specific use and regular fee parking for people not connected to the use is also classified as a Commercial Parking facility.
2. **Accessory Uses.** In a parking structure only, accessory uses may include gasoline sales, car washing and vehicle repair activities if these uses provide service only to vehicles parked in the garage.
3. **Examples.** Examples include short- and long-term fee parking facilities and mixed parking lots (partially accessory to a specific use, partly for rent to others).
4. **Exceptions.**
 - a. Parking facilities that are required for use, but that charge the public to park for occasional events nearby, are not considered Commercial Parking facilities.
 - b. Parking facilities that are required for a principal use are not considered Commercial Parking uses, even if the operator leases the facility to the principal use or charges a fee to the individuals who park in the facility.

E. Recreation and Entertainment

1. **Characteristics.** Generally commercial uses that provide recreation or entertainment-oriented activities. They may take place indoors or outdoors.
2. **Accessory Uses.** Accessory uses may include clubhouses, concessions, restaurants, parking, caretaker's quarters and maintenance facilities.
3. **Examples.**
 - a. **Active Outdoor.** These include amusement parks, theme parks, golf driving ranges, miniature golf facilities, zoos, campgrounds, soccer fields, baseball/softball fields, and go-cart or other motorized tracks.

Article 5

Use Regulations

- b. **Passive Outdoor.** Golf courses, riding stables, non-motorized riding trails, fishing lakes.
 - c. **Indoor.** Indoor continuous entertainment activities such as bowling alleys, ice rinks and game arcades, pool halls, dance halls, indoor firing ranges, theaters, health clubs, gyms, membership clubs, lodges and go-cart tracks.
 - d. **Sportsmen's.** Sportsmen's farms, firearm ranges, shooting ranges, and motorized riding trails.
4. **Exceptions.** Uses that draw large numbers of people to periodic events, rather than on a continuous basis, are classified as Major Entertainment Events.
5. **Specific Use Standards**
- a. **Adult Entertainment Establishments.** Adult entertainment establishments may be permitted in accordance with use table in Section 5.1, provided that they meet the following standards:
 - (1) The public entrance to an adult entertainment establishment will not be located nearer than 750 feet from any church, synagogue, or other permanent place of worship, licensed day care center, public or private elementary, middle, or secondary school, institution of higher learning, or business college, or any park, mall, or park-like area of open space under the control of a governmental agency.
 - (2) The public entrance to an adult entertainment establishment will not be located nearer than 750 feet from any area zoned residential.
 - (3) The public entrance to an adult entertainment establishment will not be located nearer than 500 feet from the public entrance of another adult entertainment establishment.
 - (4) Such distance shall be measured along a straight line, without regard to intervening structures or objects, from the nearest property line of the real estate on which the building or park-like area, residential zone, or entrance to another adult entertainment establishment is located to the entrance of the adult entertainment establishment.

Article 5

Use Regulations

- (5) A landscaping/ buffer strip/ screened area will be maintained along all property lines in view from any adjacent residential use.
- (6) An adult entertainment establishment, except as otherwise provided by laws which may be more restrictive, may not have any on-premise sign which contains commercial advertising, lettering, wording, or pictorial or representational matter which is distinguished or characterized by an emphasis on depictions of adult/ sexual activities.

b. Campground.

- (1) All buildings and structures shall be at least 50 feet from any property line.
- (2) An open space buffer strip shall be maintained along all property lines in which campfires, or any other camping appurtenances shall not be located. The open space buffer strip shall be a minimum of 10 feet along any side or rear property line and a minimum of 50 feet along any front or street side property line.
- (3) Off-street parking areas shall be provided to accommodate one vehicle for each cabin and camp site.
- (4) All driveways and off-street parking areas shall be surfaced with a hard and durable material and properly drained.
- (5) Except in districts where signs are allowed, there shall be no more than one non-illuminated sign, not to exceed 30 square feet in area, located at the major entrances.
- (6) No property, camp or individual campsite that does not conform to the minimum lot area established for the district in which it is located shall be sold or leased for a longer period than 3 months.

c. Sportsmen's Farms and Firearm Ranges. Sportsmen's farms and skeet, shotgun, rifle, pistol, air rifle, air pistol, or other firearm ranges, the issuance of a conditional use permit and conformance with the following regulations.

- (1) All buildings and structures shall be at least 30 feet from any property line.

Article 5

Use Regulations

- (2) All roads and parking areas shall be surfaced with a hard and durable material and properly drained.
- (3) All target ranges shall be of sufficient length and be provided with an earthen back stop of sufficient height and thickness to safely stop all projectiles from the various types of weapons used.
- (4) All outdoor ranges shall be enclosed by a woven wire fence at least six feet in height to exclude animals and people.
- (5) Warning signs shall be placed at intervals of 50 feet along all range fences. Indoor ranges shall have one warning sign at each entrance and at any windows, doors or other openings in the walls.
- (6) Except in districts where signs are allowed, one non-flashing sign, not to exceed 30 square feet in area and not to exceed 10 feet in height, may be provided at the major entrance.
- (7) Indoor target ranges shall have sufficient sound proofing to prevent the sound of firearm discharge from being heard outside the walls of the range facilities.
- (8) A 50-foot setback with protective screening or fencing shall be required on property boundaries adjacent to a public right-of-way. Those property boundaries adjoining private property shall require a setback of 50 feet or protective fencing.
- (9) Proof of adequate construction materials to be used, including the exterior walls and any air quality monitoring devices.
- (10) Only indoor firing ranges are allowed in LI (Light Industry) and HI (Heavy Industry).

F. Retail Sales and Service

1. **Characteristics.** Retail Sales and Service firms are involved in the sale, lease or rent of new or used products to the general public. They may also provide personal services or entertainment or provide product repair or services for consumer and business goods.

Article 5

Use Regulations

2. **Accessory Uses.** Accessory uses may include offices, storage of goods, manufacture or repackaging of goods for on-site sale and parking.
3. **Examples.** Examples include uses from the following groups:
 - a. **Sales-Oriented:** Stores selling, leasing or renting consumer, home and business goods including art, art supplies, bicycles, clothing, dry goods, electronic equipment, fabric, furniture, garden supplies, gifts, groceries, hardware, home improvements, household products, jewelry, pets, pet food, pharmaceuticals, plants, printed material, stationary and videos; food sales and sales or leasing of consumer vehicles including passenger vehicles, motorcycles, light and medium trucks and other recreational vehicles, construction equipment, manufactured housing/mobile home sales, heavy trucks.
 - b. **Personal Service-Oriented:** Branch banks; dry cleaners; emergency medical care; laundromats; photographic studios; photocopy and blueprint services; hair, tanning, massage, reflexology, and personal care services; private gym, business, martial arts and other trade schools; dance or music classes; taxidermists; mortuaries; veterinarians; and animal grooming.
 - c. **Repair-Oriented:** Repair of televisions, bicycles, clocks, watches, shoes, guns, appliances and office equipment; photo or laundry or dry-cleaner drop-off; tailor; locksmith; and upholsterer.
4. **Exceptions.**
 - a. Lumberyards and other building material sales that sell primarily to contractors and do not have a retail orientation are classified as Wholesale Sales.
 - b. Sales facilities that use greater than 50 percent of the gross floor area for storage are classified as Wholesale Sales.
 - c. Repair and service of consumer motor vehicles, motorcycles and light and medium trucks is classified as Vehicle Repair or Limited Vehicle Service. Repair and service of industrial vehicles and equipment and heavy trucks is classified as Industrial Service.
 - d. Sales, rental or leasing of heavy trucks and equipment or manufactured housing units are classified as Wholesale Sales.

Article 5

Use Regulations

5. **Specific Use Standards.**

- a. **Animal Hospital, Commercial Kennel or Veterinary Clinic.** An animal hospital, kennel or veterinary clinic may be permitted in accordance with the Use Table in Sec. 5.1, provided that any building or area used for such purposes, including pens or exercise runways, shall be at least 500 feet from any residential district.
- b. **Retail Sales with Drive-Through or Pick-Up Window.** Any establishment (such as dry cleaners, pharmacy, bank, package liquor store, etc.) with a drive-through or pick-up window must be located at least 250 feet from any residential district. This required separation may be reduced to 100 feet if the establishment operates only between the hours of 6:00 AM and 7:00 PM.
- c. **Greenhouse or Nursery.**
 - (1) Commercial greenhouses and plant nurseries may be permitted in accordance with the Use Table in Sec. 5.1, provided that no building or structure shall be located within 100 feet of a residential district.
 - (2) Adequate and safe on-site parking, loading, and unloading areas and driveways shall be provided for safe ingress and egress, with backing into the street specifically prohibited.
- d. **Retail Sales/Service in Historic Downtown Commercial District.** Within any portion of a Historic Downtown Commercial Overlay District, a retail sales or service use may front upon a paved alley.
- e. **Vehicle and Construction Equipment Sales - Light, Medium and Heavy.** Sales of all vehicles shall be subject to the following.
 - (1) Location. All vehicles sales operations shall have direct access to at least a minor collector street.
 - (2) Paving. All vehicles sales operations shall be required to provide a paved display area with appropriate drainage.
 - (3) Lighting. All lighting for vehicle sales operations shall not create glare visible from any adjacent lot line.

Article 5

Use Regulations

- (4) Screening. All vehicle sales operations shall be screened from view of any adjacent residential use with a minimum 6-foot high opaque decorative fence or an opaque evergreen planting strip that is a minimum of 5 feet high upon planting and can be expected to be 8 feet high within two years of planting.
 - (5) Outdoor Paging. Outdoor paging systems are prohibited in any business district; in any industrial district outdoor paging systems shall meet the standards of Sec. 4.7.
- f. Manufactured/Mobile/Model Home Sales Lot. When located in the Highway Business District, home sales lots shall be subject to the following:
- (1) Location. All sales operations shall have direct access to at least a minor collector street.
 - (2) Paving. All sales operations shall be required to provide a paved area, with appropriate drainage, for the storage of units. Homes that are displayed in a semi-permanent state with skirting and landscaping installed are not required to be placed on pavement.
 - (3) Lighting and Screening. All lighting for sales operations shall not create glare visible from any adjacent lot line and the operation shall be screened in accordance with the landscaping provisions of 4.6.8.D.
 - (4) Outdoor Paging. Outdoor paging systems are prohibited in any business district; for any industrial district, outdoor paging systems shall meet the standards of Sec. 4.7.

G. Self-Service Storage

- 1. **Characteristics.** Self-Service Storage uses provide separate storage areas for individual or business uses. The storage areas are designed to allow private access by the tenant for storing or removing personal property.
- 2. **Accessory Uses.** Accessory uses may include living quarters for a resident manager or security and leasing offices; storage areas for sales, service and repair operations or manufacturing; and the rental of trucks or equipment.

Article 5

Use Regulations

3. **Examples.** Examples include facilities that provide individual storage areas for rent. These uses are also called mini-warehouses.
4. **Exceptions.** A transfer and storage business where there are no individual storage areas or where employees are the primary movers of the goods to be stored or transferred is in the Warehouse and Freight Movement category.
5. **Specific Use Standards.** The perimeter of any self-service storage facility must be completely screened by fencing or landscaping.

H. Vehicle Repair

1. **Characteristics.** Vehicle Repair firms service passenger vehicles, light and medium trucks and other consumer motor vehicles such as motorcycles, boats and recreational vehicles. Generally, the customer does not wait at the site while the service or repair is being performed.
2. **Accessory Uses.** Accessory uses may include offices, sales of parts and vehicle storage.
3. **Examples.** Examples include vehicle repair, transmission or muffler shop, alignment shop, auto upholstery shop, auto detailing, minor vehicle repair and limited body work (that does not include painting and fabrication of parts or materials) and tire sales and mounting.
4. **Exceptions.** Repair and service of industrial vehicles and equipment and of heavy trucks; towing and vehicle storage; and vehicle wrecking and salvage are classified as Industrial Service.

I. Vehicle Service, Limited

1. **Characteristics.** Limited Vehicle Service uses provide direct services to motor vehicles where the driver or passengers generally wait in the car or nearby while the service is performed.
2. **Accessory Uses.** Accessory uses may include auto repair and tire sales.
3. **Examples.** Examples include full-service, mini-service and self-service gas stations; car washes; and quick lubrication services.
4. **Exceptions.**
 - a. Truck stops are classified as Industrial Service.

Article 5

Use Regulations

- b. Refueling facilities for vehicles that belong to a specific use (fleet vehicles) are considered accessory uses if they are located on the site of the principal use.

5. Specific Use Standards.

- a. **Fuel Station for Motor Vehicles.** Motor vehicle fuel stations or fuel sales (not including truck stops) may be permitted in accordance with the Use Table in Section 5.1 and the following standards and criteria.
 - (1) Any establishment with an outdoor speaker system must be located at least 250 feet from any residential district. This required separation may be reduced to 100 feet if the establishment operates only between the hours of 6:00 AM and 7:00 PM.
 - (2) All parking and internal drive areas shall be paved.
 - (3) Drains from vehicle wash or cleanup stands shall be connected to the public sanitary sewer system in accordance with the serving utility's specifications.
 - (4) The site shall front at least a principal collector street.
 - (5) Pump islands for gasoline service stations shall have a minimum required setback of 20 feet from the right-of-way.
 - (6) In the Neighborhood Business and General Business districts, the number of pumps shall be limited to service for a maximum of eight vehicles at a time.

5.2.5 Industrial Use Categories

A. Industrial Service

- 1. **Characteristics.** Industrial Service firms are engaged in the repair or servicing of industrial, business or consumer machinery, equipment, products or by-products. Firms that service consumer goods do so by mainly providing centralized services for separate retail outlets. Contractors and building maintenance services and similar uses perform services off-site. Few customers, especially the general public, come to the site.

Article 5

Use Regulations

2. **Accessory Uses.** Accessory activities may include offices, parking, employee day care, and storage. Lounges, restaurants and other services that are part of a truck stop are considered accessory to the truck stop.

3. **Examples.**
 - a. **Light Industrial** - welding; machine shop; tool repair; electric motor repair; repair of scientific or professional instruments; towing/vehicle storage; heavy truck service/repair; truck stop; building, heating, plumbing or electrical contractors; exterminator; janitorial/business maintenance services; research/development laboratory; minor vehicle repair and limited body work (that does not include painting and fabrication of parts or materials).

 - b. **Heavy Industrial** - Sales, repair, storage, salvage or wrecking of heavy machinery, metal and building materials; auto and truck salvage and wrecking; auto and truck body shop; tire retreading or re-capping; recycling operations; fuel oil distributors; solid fuel yards; above ground tanks used for the storage or dispensing of petroleum products or flammable liquids or gases; laundry, dry-cleaning, or carpet cleaning plants; wholesale photo finishing laboratories; consignment livestock auctions.

4. **Exceptions.** Contractors and others who perform services off-site are included in the Office category, if equipment and materials are not stored at the site and fabrication or similar work is not carried on at the site.

5. **Specific Use Standards.**
 - a. **Fuel Stations for Medium and Heavy Trucks (Truck Stop)**
 - (1) Shall front at least minor arterial.
 - (2) Located a minimum 500 feet from any residential use or district.
 - (3) Drains from vehicle wash or cleanup stands shall be connected to the public sanitary sewer system in accordance with the serving utility's specifications.
 - (4) Landscape buffering requirement of 20 feet along the right-of-way and adjacent to other land uses.

Article 5

Use Regulations

B. Manufacturing and Production

1. **Characteristics.** Manufacturing and Production firms are involved in the manufacturing, processing, fabrication, packaging or assembly of goods. Natural, man-made, raw, secondary or partially completed materials may be used. Products may be finished or semi-finished and are generally made for the wholesale market, for transfer to other plants or to order for firms or consumers. Goods are generally not displayed or sold on site, but if so, they are a subordinate part of sales. Relatively few customers come to the manufacturing site.
2. **Accessory Uses.** Accessory activities may include offices, cafeterias, parking, employee day care, employee recreational facilities, warehouses, storage yards, repair facilities, truck fleets and caretaker's quarters.
3. **Examples.**
 - a. **Light Industry.** Custom woodworking and cabinet making, printing, publishing, lithography, movie production, sign making and industrial uses where processes and equipment employed and goods processed are limited to those which are not objectionable by reason of odor, dust, smoke, cinders, gas fumes, noise, vibration, refuse matter or water-carried waste.
 - b. **Heavy Industry.** Processing of food and related products; slaughterhouses and meat packing; weaving or production of textiles or apparel; lumber mills, pulp and paper mills and other wood products manufacturing; production of chemical, rubber, leather, clay, bone, plastic, stone or glass materials or products; concrete batching and asphalt mixing; production or fabrication of metals or metal products including enameling and galvanizing; manufacture or assembly of machinery, equipment, instruments, including musical instruments, vehicles, appliances, precision items and other electrical items; production of artwork and toys; and production of prefabricated structures, including manufactured homes.
4. **Exceptions.**
 - a. Manufacturing of goods to be sold primarily on-site and to the general public, such as a candy shop, are classified as Retail Sales and Service.
 - b. Manufacture and production of goods from composting organic material is classified as Waste-Related uses.

Article 5

Use Regulations

C. Above Ground Storage Tanks

1. **Characteristics.** All tanks consisting of at least 1,000 gallons located on site and above grade and containing either flammable or hazardous substances (liquid, gas, or solid) shall be included in this category.
2. **Examples.** Gasoline or diesel fuel tanks, crude oil barrels, propane tanks.
3. **Exceptions.** Tanks containing only water are exempt.
4. **Specific Use Standards.** Any above ground storage tank must be located a minimum of 1,000 feet from any residential district.

D. Warehouse and Freight Movement

1. **Characteristics.** Warehouse and Freight Movement firms are involved in the storage or movement of goods for themselves or other firms. Goods are generally delivered to other firms or the final consumer, except for some will-call pickups. There is little on-site sales activity with the customer present.
2. **Accessory Uses.** Accessory uses may include offices, employee day care, truck fleet parking and maintenance areas.
3. **Examples.** Examples include separate warehouses used by retail stores such as furniture and appliance stores; household moving and general freight storage; cold storage plants, including frozen food lockers; storage of weapons and ammunition; major wholesale distribution centers; truck or air freight terminals; bus barns; parcel services; major post offices; grain terminals; and train switch yards or freight yards.
4. **Exceptions.**
 - a. Uses that involve the transfer or storage of solid or liquid wastes are classified as Waste-Related uses.
 - b. Mini-warehouses are classified as Self-Service Storage uses.
5. **Specific Use Standards.** A conditional use permit is required for storage facility for weapons, ammunition, explosives, or similar materials and any such facility must be located a minimum of 500 feet from any other structure and 1,500 feet from any residence.

Article 5

Use Regulations

E. Waste-Related

1. **Characteristics.** Characterized by uses that receive solid or liquid wastes from others for disposal on the site or for transfer to another location, uses that collect sanitary wastes or uses that manufacture or produce goods or energy from the composting of organic material.
2. **Accessory Uses.** Accessory uses may include recycling of materials, offices and repackaging and transshipment of by-products.
3. **Examples.** Examples include sanitary landfills, waste composting, energy recovery plants, sewage treatment plants, hazardous-waste-collection sites, transfer station, construction and demolition debris landfill.
4. **Exceptions.**
 - a. Disposal of dirt, concrete, asphalt and similar non-decomposable materials is considered fill.
 - b. Recycling collection centers are considered Industrial Service (Heavy).
5. **Specific Use Standards.**
 - a. Waste Land Spreading or Land Farming Operations
 - (1) Must meet all applicable state and federal regulations, including 401KAR47.
 - (2) Must obtain a conditional use permit.
 - (3) May only be established in areas having a DRASTIC index of 160 or less.
 - b. Any waste-related use must conform in all aspects with federal, state, and local regulations.

F. Wholesale Sales

1. **Characteristics.** Wholesale Sales firms are involved in the sale, lease or rent of products primarily intended for industrial, institutional or commercial businesses. At least 50 percent of the gross area of the structure is devoted to the storage of materials. The uses emphasize on-site sales or order taking and often include display areas. Businesses may or may not be open to the general public, but sales to the general public are limited. Products may be picked up on-site or delivered to the customer.

Article 5

Use Regulations

2. **Accessory Uses.** Accessory uses may include offices, product repair, warehouses, parking, minor fabrication services and repackaging of goods.
3. **Examples.** Examples include sale or rental of machinery, equipment, building materials, special trade tools, welding supplies, machine parts, electrical supplies, janitorial supplies, restaurant equipment and store fixtures; mail order houses; agriculture sales such as fertilizer, and wholesalers of food, clothing, auto parts, building hardware.
4. **Exceptions.**
 - a. Firms that engage primarily in sales to the general public or on a membership basis are classified as Retail Sales and Service.
 - b. Firms that are primarily storing goods with little on-site business activity are classified as Warehouse and Freight Movement.

5.2.6 Other Use Categories

A. Agriculture

1. **Characteristics.** Agriculture includes activities that primarily involve raising, producing or keeping plants or animals.
2. **Accessory Uses.** Accessory uses include accessory apartments (see Sec. 5.2.2).
3. **Examples.** Examples include breeding, raising, or limited processing of fowl or other animals; dairy farms; stables; riding academies; kennels or other animal boarding places; farming, truck gardening, forestry, tree farming; and wholesale plant nurseries. A single family dwelling is permitted in the Agricultural District.
4. **Exceptions.**
 - a. Uses involved in the processing of animal or plant products, except limited meat/poultry processing, are classified as Manufacturing and Production.
 - b. Livestock auctions are classified as Industrial Service (Heavy).
 - c. Plant nurseries that are oriented to retail sales are classified as Retail Sales and Service.
 - d. Uses that meet the definition "confined animal feeding operation" shall not be considered "agriculture" for the purpose of determining required zoning.

Article 5

Use Regulations

5. **Specific Use Standards.**

a. **Confined Animal Feeding Operation**

(1) Separation Standards.

(a) No confined animal feeding operation (including livestock barn, poultry house, lagoon or land application area) shall be located within 750 feet of the boundary of any residential district.

(b) No confined animal feeding operation (including livestock barn, poultry house, lagoon or land application area) shall be located within 1,500 feet of an existing residence, school, park or place of worship for which a building permit was issued prior to the effective date of this Ordinance.

(c) A reduced separation standard may be permitted provided that the consent of any neighboring landowner located within the required separation area is provided in writing.

(2) Measurements. The separation distances established in this Section shall be measured from the perimeter of the animal feedlot, brooder house or animal waste area lagoon to the nearest referenced boundary or exterior wall of the principal structure containing the referenced use.

(3) State Permit. All confined animal feeding operations shall acquire and maintain a valid permit from the Commonwealth of Kentucky.

b. **Roadside Stands.** Roadside stands offering for sale only agricultural products produced on the premises, or on premises owned by the same person. Such stands shall be located at least 10 feet from the established right-of-way.

c. **Limited Meat/Poultry Processing.**

(1) Limited processing/slaughter of fowl or livestock is permitted in the Agriculture District by first obtaining a Conditional Use Permit. Limited processing shall be defined as the slaughter, processing, or storage of not more

Article 5

Use Regulations

than 50,000 small fowl (including quail, rabbits, and covies) or 1,000 large fowl or livestock (including ostrich, beef cattle, deer, and hogs) per year.

- (2) Any limited processing operation must obtain approval from all applicable federal, state, and local agencies, including, but not limited to the Health Department, Fire Department, Kentucky Division of Water, and U.S. Department of Agriculture.

B. Aviation and Surface Passenger Terminals

1. **Characteristics.** Aviation and Surface Passenger Terminals includes facilities for the landing and takeoff of flying vehicles, including loading and unloading areas. Aviation facilities may be improved or unimproved. Aviation and Surface Passenger Terminals also includes passenger terminals for aircraft, regional bus service and regional rail service.
2. **Accessory Uses.** Accessory uses include freight handling areas, concessions, offices, parking and maintenance and fueling facilities.
3. **Examples.** Examples include airports, bus passenger terminals for regional bus service, railroad passenger stations for regional rail service and helicopter landing facilities.
4. **Exceptions.**
 - a. Bus and rail passenger stations for sub-regional service such as mass transit stops are classified as Basic Utilities.
 - b. Private helicopter landing facilities that are accessory to another use, are considered accessory uses. However, they are subject to all the regulations and approval criteria for helicopter landing facilities.
 - c. Private landing strips which comply with FAA regulations and which contain at least 1,500 contiguous acres are exempted from the requirements of this Zoning Ordinance per Kentucky Revised Statutes.
5. **Specific Use Standards.** The location, size and plans for all aviation facilities and their operational features shall be approved by the Kentucky Airport Zoning Commission and the Federal Aviation Administration.

Article 5

Use Regulations

C. Entertainment Event, Major

1. **Characteristics.** Major Entertainment Event uses are characterized by activities and structures that draw large numbers of people to specific events or shows. Activities are generally of a spectator nature.
2. **Accessory Uses.** Accessory uses may include restaurants, bars, concessions, parking and maintenance facilities.
3. **Examples.** Examples include stadiums, sports arenas, coliseums, amphitheaters, auditoriums, exhibition and meeting areas, circus, carnival, and fairgrounds.
4. **Exceptions.**
 - a. Exhibition and meeting areas with less than 20,000 square feet of total event area are classified as Retail Sales and Service.
 - b. Banquet halls that are part of hotels or restaurants are accessory to those uses, which are included in the Retail Sales and Service category.
 - c. Theaters, including drive-in theaters, are classified as Retail Sales and Service.
 - d. Recreation or entertainment uses conducted on a continuous basis are classified as Outdoor Recreation and Entertainment or Retail Sales and Service uses.
5. **Specific Use Standards**
 - a. Any major entertainment event in the Highway Business district must be located a minimum of 250' from any residential district.
 - b. Any major entertainment event must provide adequate on-site parking.

D. Mining

1. **Characteristics.** Mining includes mining or extraction of mineral or aggregate resources from the ground for off-site use.
2. **Accessory Uses.** Accessory uses include storage, sorting, stockpiling or transfer off-site of the mined material.
3. **Examples.** Examples include quarrying or dredging for sand, gravel or other aggregate materials; mining; oil, gas or

Article 5

Use Regulations

geothermal drilling; stockpiling of sand, gravel and other aggregate materials.

4. Specific Use Standards.

a. Oil and Gas Wells

- (1) Well Structure Location. The drilling of oil wells and placing of well structures may be permitted except where such well or well structure or pipeline connecting thereto would create hazardous conditions on the adjacent and abutting properties.
- (2) Equipment on Site. Only that equipment required for production shall remain on the premises.
- (3) Storage Tanks. In the event production is obtained, the oil storage tank battery shall be erected within the confines of a concrete or earthen retention wall designed in such a manner that the area inside the retention wall would retain the total volume of the tanks located therein. The storage tank battery shall be completely enclosed by a suitable all-metal wire fence of a sufficiently strong and close-mesh construction that it will not be penetrable by domestic animals or small children. In no event shall such tank battery be located nearer than 1,500 feet from any residence dwelling or nearer than 500 feet from any combustible structure.
- (4) Any oil or gas well site shall comply with the requirements of the Kentucky Cabinet for Natural Resources and Environmental Protection.

b. Quarry or Gravel Pit or Mining Operation

- (1) Quarries and gravel pits may be established in accordance with the Use Table in Section 5.1, provided that any building housing power or power-producing machinery or equipment shall conform to the building line setback requirements of Sec. 4.7, Nonresidential District Dimensional Standards, and when adjacent to a residential or agriculture zoning district, shall be located so as to provide a minimum side and rear yard of 1000 feet. Streets or public rights-of-way 30 feet or more

Article 5

Use Regulations

in width may be included as the side and rear yard requirement of this paragraph.

- (2) Any site must comply with the requirements of the Kentucky Cabinet for Natural Resources and Environmental Protection.
- (3) Any site must be enclosed by permanent security fencing at least 6 feet in height along the perimeter of the property.

E. Telecommunications Facilities

1. **Characteristics.** Telecommunications facilities includes all devices, equipment, machinery, structures or supporting elements necessary to produce or provide wireless, over-the-air, or cellular telephone communications. Facilities may be self supporting, guyed, mounted on poles, other structures, light posts, power poles or buildings. Facilities shall also include intertie and interconnection translators, connections from over-the-air to cable, fiber optic or other landline transmission system.
2. **Accessory Uses.** Accessory uses may include transmitter facility buildings, and telecommunication shelters.
3. **Examples.** Examples include attached telecommunications facilities, telecommunications support towers, point-to-point microwave towers, and ground mounted switch boxes.
4. **Exceptions.**
 - a. Receive-only antennas are not included in this category and amateur radio facilities that are owned and operated by a federally-licensed amateur radio station operator are not included in this category.
 - b. Radio and television studios are classified in the Office category. Radio and television broadcast facilities that are public safety facilities are classified as Basic Utilities.
 - c. Ground-mounted telephone switch boxes not exceeding 2 feet in height are classified as Basic Utilities.
5. **Specific Use Standards.**
 - a. **Telecommunication Towers and Accessory Facilities.** The purpose and intent of this section are to avoid potential damage to adjacent properties from transmission tower collapse and falling ice through engineering and careful locating of transmission tower

Article 5

Use Regulations

structures, and to maximize use of any new transmission tower and to encourage the co-location and clustering of new transmission towers in order to reduce the number of towers and tower sites needed.

The provisions of this section shall apply to the construction, erection, alteration, use, and location of transmission towers and accessory facilities in all zoning districts. Unless otherwise permitted by this Zoning Ordinance, no new transmission tower or accessory facility may be erected or constructed unless all provisions of this Section and the requirements of the Kentucky Revised Statutes and the Kentucky Public Service Commission are met.

- (1) **Minimum Location Standards.** The following minimum standards shall be met in the approval of a conditional use or building permit.
 - (a) All self supporting and guyed telecommunication towers shall be set back from the property line a minimum of 60 percent of the overall height of the tower.
 - (b) All telecommunication towers shall be set back from any residential district a minimum of 1,500 feet and any residential structure a minimum of 500 feet.
 - (c) Accessory facilities shall also comply with the setback standard of the district in which it is located as well as the adjacent zoning district.
 - (d) Existing on-site vegetation shall be preserved to the maximum extent practicable and the site shall otherwise comply with the landscaping provisions of 4.6.8.D.
 - (e) Towers shall not be artificially lighted unless required by the Federal Aviation Administration or appropriate State authority.
 - (f) Accessory facilities in an Agriculture District and other such districts where transmission towers are a conditional use may not include offices, long-term vehicle storage, other outdoor storage

Article 5

Use Regulations

or broadcast studios, except for emergency purposes, or other uses that are not needed to send or receive transmissions.

- (g) The proposed use shall be consistent with applicable Federal and State regulations and shall have secured and submitted copies of compliance with these regulations.
 - (h) An application for approval of a new telecommunication tower shall include all items required for a Uniform Application by the Kentucky Revised Statutes.
- (2) **Color of Towers.** Unless otherwise required by state or federal regulations, all telecommunication towers shall be white or light gray in color.
- (3) **Multiple Telecommunication Towers.** It is the intent of these regulations to encourage the co-location and clustering of multiple towers and their antennas and accessory facilities and to discourage the use of individual transmission towers and accessory facility sites. Therefore, more than one transmission tower and accessory structures will be permitted under these regulations on a single tract of land notwithstanding any other provision of this Zoning Ordinance, provided they meet all of the required location standards.

SEC. 5.3 ACCESSORY USES

5.3.1 Accessory Structures

No accessory structures that are not designed to break away on impact shall be permitted in the right-of-way, including such structures as rock, stone, or brick mailboxes.

SEC. 5.4 TEMPORARY USES

5.4.1 Temporary Construction Unit

Temporary construction units may be permitted in accordance with the Use Table in Section 5.1 and the following requirements:

- A.** A temporary construction unit may be located within the districts shown on the Use Table following the issuance of a building permit for construction upon the parcel where the temporary construction unit is to be located.
- B.** The temporary construction unit shall be removed from such parcel within 30 days of occupancy of the building or facility constructed pursuant to such building permit or within 30 days after the termination or expiration of such building permit, whichever shall first occur.

5.4.2 Model Homes

Residential units constructed and established for sales display in a residential subdivision may be temporarily used as an office for the subdivision developer, homebuilder, or other accessory sales purposes. The unit must revert to its intended residential use before or upon completion of units on 75 percent of the subdivision lots.
